Roads highlighted in orange indicate the selected activity is not prohibited. Trails highlighted in orange indicate they are open for the selected activity. There may be other trails available that are not highlighted on the map.

All ATV routes are open to motorcycles, bikes and hiking.

Information shown on these maps are made from the best available data and may be incomplete. Changes, updates and corrections may be made to the maps and website at any time. The maps on this website indicate travel opportunities but are not used to enforce travel regulations. Designated routes and closures will be marked on the ground. Please check with your local Forest Service office to get current information and conditions. For information regarding travel regulations on roads outside the National Forest's jurisdiction, contact the appropriate state, county or federal office.
